FOR IMMEDIATE RELEASE

CPCoastal™ Releases Summer 2018 Collection

Thousand Oaks, CA, March 2, 2018

CP Coastal brand, known for its mix of modern, impressionist, and vintage coastal themed art, has released its Summer 2018 **Language of Boats** collection. It pays tribute to songs about boats - the stories they tell, the adventure they create, and the island places we dream they'll take us to. The art is available for licensing or purchase.

"Music is a powerful thing. I'm incredibly inspired by the music of Jimmy Buffett and Kenny Chesney. Their music paints beautiful, adventurous pictures of people living soulful, free-spirited, beach lifestyles - which I love. Boats are often the central theme in many of their songs. Jimmy sings about Changes in latitude... changes in attitude, Follow the Tides, and one of my favorites, Somethin' 'Bout a Boat. In Kenny's song, Boats, boats are perfectly described as, vessels of freedom and harbors of healing. I strive to capture these words and spirit with my art." - Christine Barker.

Boat flags provide a vital, universal maritime language by which the boating community communicates.
